## Laurel Binder Management System

The Laurel Binder system serves as a central location to help students keep their assignments, important papers, and notes organized and accessible to aid their learning.

The Laurel Binder system is used by all students but evolves in complexity as students advance through our school. Upper School students will transition to a digital system over time to replicate the expectations and demands of college and adult life.

The essential components of the Laurel Binder system are:

- 1 ½ to 2-inch binder with front and back sleeve for a class and time schedule
- School issued planner with a weekly and monthly view
- Plastic color-coded folders for each content class and homework
  - Yellow Homework
  - Orange Reading
  - Blue Math
  - Red Language Arts and Social Studies or Humanities
  - Green Science
- Plastic sheets to place important reference sheets as needed
- Zipped pouch with 3 holes to carry small supplies - pencil, highlighter, sticky notes

In the younger grades, teachers will co-manage folders in their classrooms, while older students are expected to maintain their own materials with varying levels of support as needed.

For any new system to become a habit, it requires repetitive practice and discipline. This is a school-wide supported system ensuring consistency and reinforcement across all content classes. The support components include:

- Daily use of the Assignment Planner to mark all assignments and long term events.
- Regularly scheduled “binder checks” by content class teachers.
- All students will learn the importance of organizing materials, time, and ideas through discussions in all classes.
